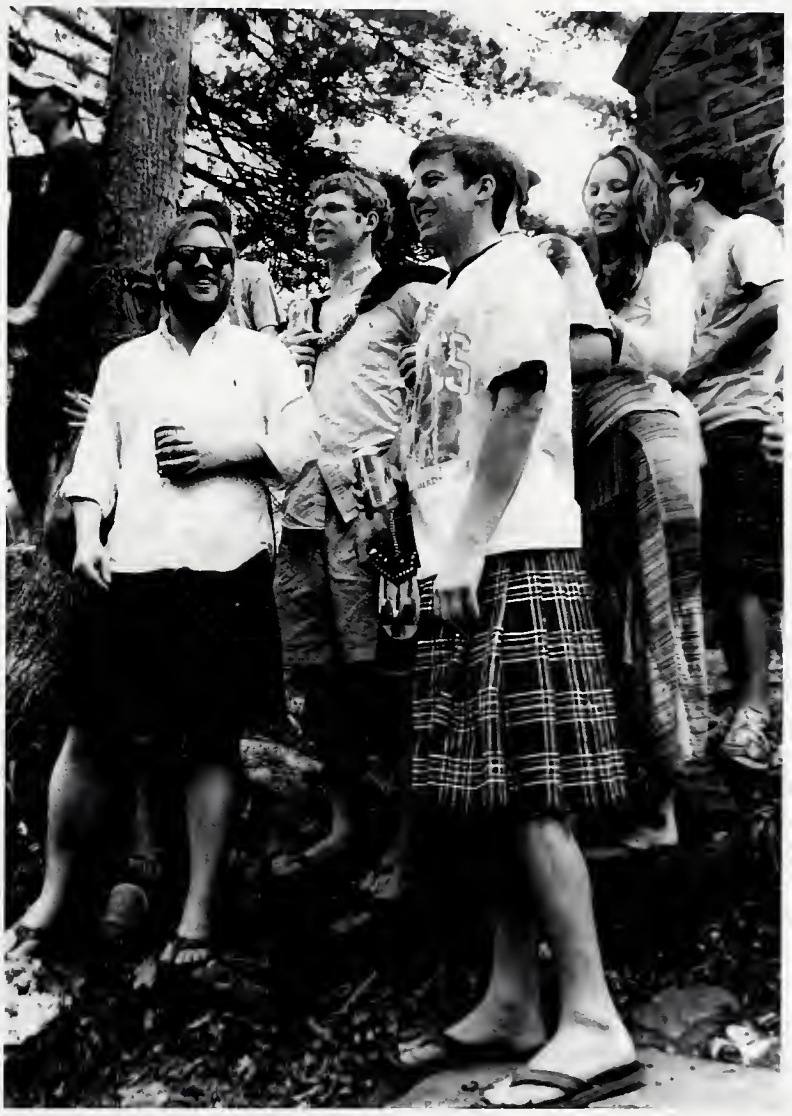
Society



the last ten thousand years, since the end of the Devensian glaciation, the Scots have been a nguished and venerable race. From that time until the present day the Scots have been besting their lish neighbors in all but arrogance. The story of the Highlander Society begins here. For in the days n the University of the South was still in its youth, a group of boys formed a society known as the ingtons. In response to this, and in memory of their lost brethren at Falkirk, a scholarly group of the est caliber came together to establish the Highlander Society. The quality of their membership has deteriorated nor has the society's threefold dedication to support Sewanee athletics, foster inter-rnal bonding and to imbibe all the revels of Sewanee. Highlanders may be spotted on their way to a e, clad in traditional Scottish habiliments and processing behind their piper with a smattering of ingtons attempting vainly to keep pace.

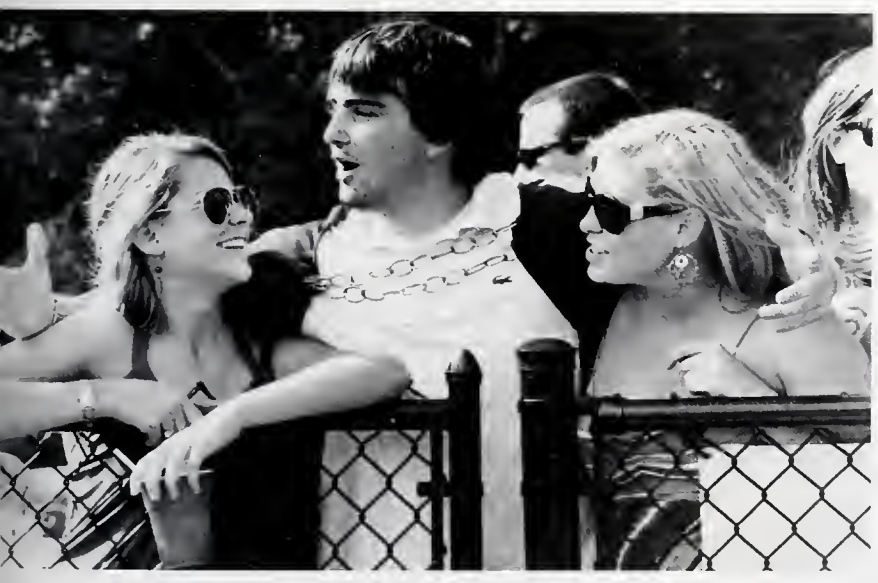
Society



e Most Ancient and Secret order of the Wellingtons, more commonly known as The Wellington ciety, was founded at the turn of a previous century by men who wished to bind together members of ferent fraternal orders toward a common cause. That cause was to embrace the heritage of our English efathers through the wearing of capes, bowler hates, and the carrying of umbrellas. While, for the rposes of speed and style, our distinctive costumes have been reduced to capes, we still hold true to founders principals. After the death of Queen Ann and the consequential fall of the House of Stewart 1714 the Wellington Society expelled their skirt wearing brethren thus giving birth to the other ganization now known as the Highlander Society. The Wellington Society remains a prominent force on mpus through our unyielding support of Sewanee athletics and as one of the primary inter-fraternal ganizations.
